Are you, or do you know of someone out of work or on EI who wants to enter the workforce in agriculture, construction, or oilfield, or get their Class 1 or 3 license to drive commercially? Have them call the office for information on how to apply for our Government Funded programs.

Looking for labourers or Class 1 drivers?

Each month, we have people completing our government funded programs. Contact us for more information on our program or for how we can help you train up a potential new recruit by considering the person for our next funded program.

The Province of Alberta is working in partnership with the Government of Canada to provide employment support programs and services.
